Hi Chrystia, just wanted to follow up and let you know that things are returning to normal for us , so want to say and pass on , from our entire company, a big thank you and congrats for solving this in a strong effective way . All the best - Personal Info

That is a relief! Supporting our exporters is extremely important to us, and our govt will do whatever it takes to keep our trade corridors open. Please keep me posted and thank you for your hard work! C

Will do ! And thank you 🙏
